2012 North American Tour Program Notes

Since their debut in 1986, **THE PEKING ACROBATS®** have redefined audience perceptions of Chinese acrobatics. They perform daring maneuvers atop a precarious pagoda of chairs; they are experts at treacherous feats of daring, trick-cycling, precision tumbling, somersaulting, and gymnastics. They defy gravity with amazing displays of contortion, flexibility, and control. They push the envelope of human possibility with astonishing juggling dexterity and incredible balancing feats, showcasing tremendous skill and ability. They are masters of agility and grace. Accompanied by the live musicians, playing traditional Chinese instruments with modern flair, high-tech special effects that coalesce with the music, and all of this in harmony with the Acrobats awe-inspiring feats, an exuberant entertainment event appears before your eyes, featuring all the excitement and festive pageantry of a Chinese Carnival infused with fresh, explosive energy!

Many of the magnificent acts we see today, despite their sophistication, were performed in ancient times. The history of Chinese acrobatics is rich in tradition and dates back over 2000 years. Throughout the history of China the acrobatic arts flourished, but in varying degrees. Originally, court entertainments were formal and monotonous, quite the opposite of the lively, folk arts of the people. And, it did all begin with folk arts: tumbling, juggling ordinary household objects, and balancing. Common games of the people, such as "Rang Hitting," or throwing a small wooden strip the size and shape of a shoe sole at a target, developed accuracy. Modern day Whip Feats are traced back to this game. Myth and religion also influenced the acrobatic arts. The Lion Dance is Buddhist in origin. The lion was seen as the reincarnation of a woman, who was teased into revealing her true identity. This dance was a symbol of spiritual renewal and revered for dispelling bad luck.

Eventually, however, the excitement of the acrobat's amazing feats caught on and held the attention of the ruling classes. Acrobatic performers were routinely invited to the court to entertain and impress visiting dignitaries. The varied acts of tumbling, singing, dancing, and juggling became known as "The Hundred Entertainments" during the Han Dynasty (206 BC - 220 AD). Records of acrobatic acts can be found as early as the Ch'in Dynasty (221 B.C. - 207 B.C.) and Chinese acrobats through the ages have continued to perfect what has become an evolving folk art form. **THE PEKING ACROBATS** ability to perform the astounding is rooted in centuries of this Chinese history and folk art. No doubt, the Chinese acrobats of the Han Dynasty would be awe-struck and amazed at how their modern-day counterparts have elevated their art form, and the fact that their folk art tradition, begun so many ages ago, is still going strong, even into the 21st Century!

Tradition demands that each generation of acrobats add its own improvements and embellishments to their acts. Generations of families have carried on this highly acclaimed and popular tradition. Children begin training at a young age and adhere to a rigorous training schedule which they follow over the length of their careers. Today the acrobat in China is considered an artist. Because of the unusual and difficult nature of the feats involved, high honor is conferred upon those skilled enough to become acrobats; in China, an acrobat can be considered the Chinese equivalent of an opera star in the West. It is telling that the Chinese acrobatic tradition just gets stronger, due to the continued innovation of the artists and the endless enthusiasm from their adoring public.

Over the years, **THE PEKING ACROBATS** have been featured on numerous television shows and celebrity-studded TV Specials including THE WAYNE BRADY SHOW, THAT'S INCREDIBLE, and ABC's WIDE WORLD OF SPORTS, NBC's RING IN THE NEW YEAR HOLIDAY SPECIAL. They have also appeared on NICKELODEON'S hit show Unfabulous, and ELLEN'S REALLY BIG SHOW, hosted by comedian and talk show host, Ellen DeGeneres. They set the world record for the Human Chair Stack on FOX's GUINNESS BOOK PRIMETIME TV show where they astounded audiences with their bravery and dexterity as they balanced six people precariously atop six chairs 21 feet up in the air without safety lines! Internationally, they have appeared on the ARTISTGALLA, a benefit show that was filmed live at the Drammens Theatre in Oslo, Norway.

THE PEKING ACROBATS continue to perform for Symphony Concert audiences across America. Fans will recall that this milestone in their career was achieved when they made their debut at the Hollywood Bowl. They performed as part of the Hollywood Bowl's Fireworks Season Finale, where the company blended their unique brand of acrobatics with the majestic sound of the 100-piece Hollywood Bowl Orchestra. The acrobats infused Bowl audiences with their powerful maneuvers in a multi-cultural, multi-media spectacular. Between the 'fireworks' on stage and the fireworks in the air, audiences experienced theatrical alchemy at its finest! Concerts such as these have led to many other performances with Symphony Orchestras across the US such as the San Francisco Symphony, the San Diego Symphony, the Buffalo Philharmonic and the Cincinnati Pops Orchestra, to name a few.

THE PEKING ACROBATS returned to the Hollywood Bowl for three separate appearances, most recently performing with the Hollywood Bowl Orchestra in September of 2008 with Maestro Tom Wilkins conducting. The company was thrilled at the opportunity to play this prestigious venue once again. The Hollywood Bowl audiences so warmly received them, and it was like a homecoming celebration for the performers.

Continuing their tradition of innovation with the Symphony Concerts, in May of 2011, **THE PEKING ACROBATS** performed in sold-out Symphony Concerts with the Winnipeg Symphony Orchestra and the Edmonton Symphony Orchestra in Canada. These concerts mark the first time **THE PEKING ACROBATS** have performed with Canadian Symphony Orchestras, and the shows were sold-out, explosive entertainment events, that were critically acclaimed, and thoroughly enjoyed by audiences in those cities. Expanding **THE PEKING ACROBATS'** reach to yet another audience in Canada, these engagements will undoubtedly lead to many other such performances with Symphony Orchestras across North America and, in between their theatre tours, **THE PEKING ACROBATS** continue to bring their unique artistry to a completely new audience of theatrical patrons.
